

Select your Access Solution

● You want a new provider network to improve access, drive a higher standard of care and increase savings.

ACCESS CONTRACTED NETWORK

Rigorously vetted, quality-first network of top-performing physicians, hospitals and ancillary providers. Data-driven selection based on quality and outcomes metrics.

● You want to direct care to in-network providers for lower costs and better outcomes and experiences.

ACCESS NAVIGATED NETWORK

Add NaVcare care navigation for improved in-network utilization to enhance savings and performance in your Access Contracted Network.

● You want to maximize plan spend with a non-network reimbursement strategy that nurtures provider relationships.

ACCESS OPEN SOLUTION

An open, non-contracted reimbursement approach with NaVcare included provides an excellent alternative to standard reference-based pricing agreements.

● You want to eliminate the risk of balance billing and provider friction for the vast majority of your claims.

ACCESS ASSURED PAYMENT

Assured payment options on the majority of your claims for an Access Open Solution, Access Navigated Network or Access Contracted Network.

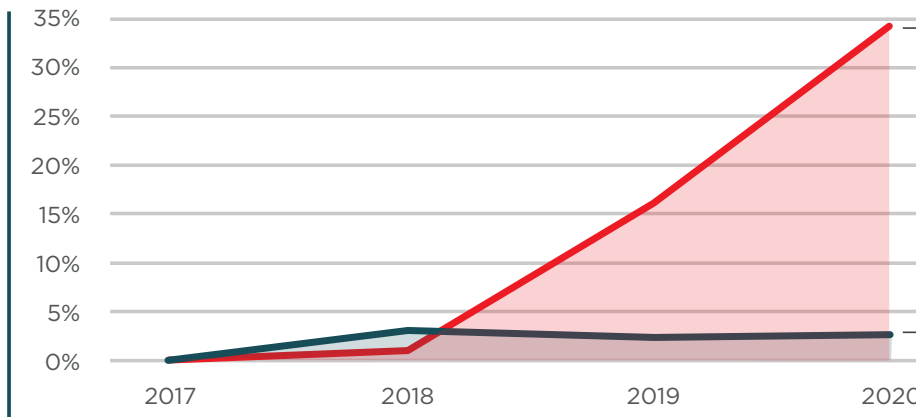

Experience Access Eco Complete

With an Access Solution in place, you can replace your high-cost contracted network plan with Access Eco Complete, the fully-integrated ecosystem that improves total spend savings by 20-40%.

Vālenz® Access Solutions Suite

Smarter, better, faster healthcare starts with Valenz Access. Through the power of the Valenz ecosystem, you can seamlessly combine a strong provider network with a range of customized care and claim management solutions from the Access Solutions Suite. Strengthen your health plan through data analytics and decision enablement that flatten your healthcare cost curve while improving member lives.

You want a new provider network to improve access, drive a higher standard of care and increase savings.

ACCESS CONTRACTED NETWORK

Rigorously vetted, quality-first network of top-performing physicians, hospitals and ancillary providers. Data-driven selection based on quality and outcomes metrics.

- Specifically designed to meet the unique needs of your health plan and member population
- No risk of balance billing
- Up to 85% in-network participation
- 15-20% lower price/unit costs
- Access to provider directory on member portal
- Full-service claim management
- Network options: High performance, single case agreements and recurring discounted agreements

You want to direct care to in-network providers for lower costs and better outcomes and experiences.

ACCESS NAVIGATED NETWORK

Add NaVcare care navigation for improved in-network utilization to enhance savings and performance in your Access Contracted Network.

- Guide members to high-quality, in-network care
- Coordinate virtual care where available
- Facilitate appointments and transportation as needed
- Align cost-effective pharmacy solutions with member needs
- Explain plan benefits and out-of-pocket costs
- Assist members with claim denials and appeals
- Connect members to helpful health resources, including a member portal with provider quality and cost data
- Full-service claim management

You want to maximize plan spend with a non-network reimbursement strategy that nurtures provider relationships.

ACCESS OPEN SOLUTION

An open, non-contracted reimbursement approach with NaVcare included provides an excellent alternative to standard reference-based pricing agreements.

- Out-of-network solutions to replace wrap networks
- Improved cost control with fair market pricing
- Defensible, data-driven and transparent reimbursement rates powered by VMSSM Repricing Methodology
- Access to quality and outcomes metrics for greater provider accountability
- Pre-service negotiation with safe-harbor providers and facilities with option to create future provider network
- NaVcare care navigation
- Full-service claim management
- Member portal with provider quality and cost data

You want to eliminate the risk of balance billing and provider friction for the vast majority of your claims.

ACCESS ASSURED PAYMENT

Assured payment options on the majority of your claims for an Access Open Solution, Access Navigated Network or Access Contracted Network.

- Assured payment on the majority of your claims
- Savings improvement opportunities of 20-40%
- Accelerated negotiations to secure up-front discounted agreements
- Expert bill review with provider sign-off for secured savings
- No member disruption or provider friction for highest percentage of claims
- 140% Medicare factor
- Appeal rate < 3%
- Full-service claim management

You want to replace your high-cost contracted network plan to drive long-term savings.
